Invitation to the Strategic meeting of the WIN

Dear Pr. Fonseca,

We are pleased to invite you to the **Strategic meeting of the Worldwide Insecticide resistance Network (WIN)** that will be held in **Rio de Janeiro, BRAZIL, from May 04-05, 2017.** The meeting is expected to define the framework for the development of an international consortium for the monitoring and management of insecticide resistance in mosquito vectors of arboviruses. This meeting will be organized in the frame of the WIN initiative supported by the WHO Research & Training program on Tropical Diseases (TDR) and the Department of Neglected Tropical Diseases (NTDs) and the US-Centers for Disease Control and Prevention (US-CDC).

The objectives of the meeting are:

- To review the achievements of the network
- To define the future direction, roadmap and activities of the network

Please note that air travel (Economy class), accommodation and local meeting costs will be arranged and covered by the meeting organizers

We would greatly appreciate if you could confirm your participation at your earliest convenience at winprojectoffice@ird.fr.

Yours sincerely,

Dr. Vincent CORBEL
Research Professor at IRD
PI of the WIN project

Dr. Jean Philippe DAVID
Senior Researcher at CNRS
Co-PI of the WIN project
