| 106 | Dan Scozzaro | 2019 | Mercer County MCD |

The above mentioned individuals have sat for and passed with a score of 90% or better a comprehensive NJAES certification examination in mosquito biology, identification and control. The test is on file in the Department of Entomology Center for Vector Biology with the Senior Program Coordinator responsible for coordinating outreach training. Each successful student has been awarded a certificate plaque recognizing this accomplishment in front of their peers. This list is as of 8 July 2016 and subject to change without notice.
